* The reduced number of brewers shown in the above classified returns as compared with the return of collections is caused by the fact that in the former a brewer trading in two or more collections is shown as one person in respect of the aggregate number of barrels brewed.

† The quantities of "beer produced" represent the quantities of "worts produced," less the 6 per cent. allowed by 43 & 44 Vict. c. 20 sec. 13 (3) (b) for "such accidental loss and waste as arises in the "brewing of beer."

* The reduced number of brewers shown in the above classified return as compared with the return of collections is caused by the fact that in the former a brewer trading in two or more collections is shown as one person in respect of the aggregate number of barrels brewed.

† The quantities of "beer produced" represent the quantities of "worts produced," less the 6 per cent. allowed by 43 & 44 Vict. c. 20, sec. 13 (3) (*b*) for "such accidental loss and waste as arises in the "brewing of beer."

Inland Revenue,
12 January 1907.

Alfred Stair,
Accountant and Comptroller General.
